Dear NACo Member,

Thank you for your 2026 membership with the National Association of Counties (NACo). We are grateful for your partnership and investment in *your* association in Washington, D.C.

Now is the time to renew your NACo membership for 2027.

As a county leader like you, I know rural counties like yours are navigating complex challenges – balancing tight budgets and rising costs with growing demand for local services and new unfunded mandates and preemption attempts. Now more than ever, we need your voice as NACo continues to advocate for counties' role as intergovernmental partners.

We hope your county will take advantage of the full value of your NACo membership in 2027:

Advocacy: NACo represents counties in federal policymaking. Through a member-driven policy process shaped by county leaders across NACo's 10 policy steering committees, NACo advances county priorities in Washington, D.C. With your continued engagement, NACo helps strengthen the county voice and secure federal policy outcomes that support local decision-making:

- NACo is deeply engaged on reauthorization efforts for the **Farm Bill**, including retaining rural development, conservation, infrastructure and public lands supports, while expanding support for resource-constrained counties
- As Congress considers a **reauthorization of surface transportation legislation**, the county voice is vital to maintain funding for roads and bridges, including off-system bridges
- In the recent passage of the **21st Century ROAD to Housing Act**, NACo secured several key amendments that reduce local financial risk and preserve county flexibility
- NACo secured both a **three-year reauthorization of Secure Rural Schools**, a vital lifeline for more than 700 timber-based county economies, and **full funding for FY 2026 for the Payment in Lieu of Taxes** program, supporting more than 1,700 counties with significant federal lands
- In other 2026 legislation, NACo pushed forward a new requirement for **FEMA to publish a public dashboard tracking disaster reimbursement**, bringing greater transparency to a process counties have long sought to improve
- After weighing NACo and counties' input, the **Department of Justice issued a one-year extension of the deadline for web accessibility upgrades,** saving counties hundreds of thousands of dollars and building in additional time for local governments to meet these requirements in a fiscally responsible way

Engagement: NACo connects you with peers, best practices and practical resources. Through NACo, members can access examples, data and programs specifically designed to support rural counties, including:

- **Rural Action Caucus (RAC):** A network of hundreds of leaders from rural counties across the country facing many of the same opportunities and challenges as your county. RAC meets in person at NACo's two major conferences and virtually monthly.
- **Rural Energy Academy:** Helping counties navigate the evolving energy landscape through technical assistance and county information exchange

- **Opioid Solutions Center**: A one-stop hub helping counties make effective use of opioid settlement dollars
- **State Policy Trends Research Hub:** A home for reports, databases and analyses of emerging legislation affecting counties, including property tax and land-use preemption

Solutions: NACo helps counties maximize every taxpayer dollar. Through NACo EDGE enterprise solutions, members can access tools and programs designed to reduce costs, improve operations and support the county workforce, including:

- **Public Promise Procurement (PPP)**: Reducing time and expense with vetted, single-award contracts for counties to use. Six new contracts just launched, with a dozen more coming by year-end, covering disaster tools, office supplies, P-cards and more
- **Public Promise Insurance:** Lowering prescription costs for county governments and employees by millions of dollars, while helping employees tackle student debt and helping counties attract and retain talent
- **cashVest by three+one:** Helping generate more than $5 billion for local governments *of all sizes* in increased interest income and reduced bank fees

We encourage you to review the enclosed **county membership materials**, which highlight how your county is benefiting from NACo membership today and identify additional opportunities for engagement.

By renewing your NACo membership, your county continues to add its voice to the collective strength of counties nationwide. Together, we can strengthen the collective county voice and deliver results for counties, parishes and boroughs nationwide.

Please review the attached statement with your 2027 membership dues, which remain the same as 2026 dues. For additional information or to discuss how your county can maximize its NACo membership, please email membership@naco.org or call 202-661-8810.

Our team is ready to help your county make the most of its membership, and we hope to see you at one of our many events in 2027.

Sincerely,

Hon. Renee Couch
Chair, NACo Membership Standing Committee
Comal County, Texas
